

## Software Maintenance Agreement

Software Maintenance

We live in an ever-changing world and Taylor is staying ahead of the changes. Rest assured that your DynPro software has the latest features and capabilities with a Software Maintenance Agreement. The Software Maintenance Agreement includes:

- The newest DynPro versions as they are released.
- Shipment of upgrades automatically to the customer.
- When appropriate, a new User's Manual or a User's Supplement designed to keep documentation current.
- Unlimited free technical phone support on DynPro's functions, features and capabilities.
