

Stone Guard

Want to Improve Your Chassis Dyno Room's Safety?

With Taylor Dynamometer's stone guard, you can easily improve safety in and around your chassis dynamometer. With the heavy-duty steel tube construction, these guards greatly reduce the possibility of stones damaging equipment or injuring people in the dyno room.

- Features 2" & 2-1/2" steel tubing.
- Stainless steel mesh curtain.
- Swings 360° and is easily removable.
- Easy addition to your dyno room.
